Dorothy Lewis sees the unconscious form of a man, later known as "The Drifter", prone on a log floating down Sawdust River. She rescues him and takes him to her father's logging camp, where he incurs the wrath of Peavey, a timber smuggler employed as Lewis' foreman. In a fight with "The Drifter", Peavey is beaten. Lewis receives word of a shortage found in the timber sent from his camp and determines to find the leak.

"The Drifter", suspicious of Peavey's actions, takes the log raft down the river himself, while Peavey races to head off his substitute. The pirates unsuspectingly board the raft to collect their tribute and in a knock-down and drag-out fight on the shifting logs they are overpowered and put under arrest by the company's logmen and "The Drifter", who reveals himself as a U.S. Forestry agent.
